MERCY
HIGH SCHOOL
Pumpkin Carving Stencil

How to use this template:

1. Cut a hole in the top of the pumpkin around the stem and remove the seeds.
2. Print the template design.
3. Tape the template design to the pumpkin.
4. Remove the star within the logo entirely (white section)
5. The Red M should remain as normal pumpkin. The blue outline of the M should have only the top layer of pumpkin removed, which is easy to do with a chisel.
6. Remove the template, place an LED candle inside, and enjoy!.

Don't forget to send a photo of your completed pumpkin to spirit@mercyhighschool.com to enter our pumpkin decorating contest sponsored by the Alumnae Association!
